40th BIENNIAL CONGRESS
PARTNERING FOR VEIN CARE PROGRESS

JOINT MEETING OF THE CANADIAN SOCIETY OF PHLEBOLOGY
AND THE EUROPEAN SOCIETY OF PHLEBECTOMY

OCTOBER 2-4, 2015 — Hotel Delta Montreal, CANADA

PROGRAM CO-CHAIRMEN

Jean-Luc Dupuis, La Malbaie, Canada
Venous unit, Charlevoix, Canada
Vice President, Canadian Society of Phlebology
Guest speaker International Phlebology Community
Diplomate of the American Board of Venous and Lymphatic Medicine

Pauline Raymond-Martimbeau, Dallas, USA
President, Canadian Society of Phlebology
Diplomate of the American Board of Venous and Lymphatic Medicine
Fellow of the American College of Phlebology
Honorary Member of the French Society of Phlebology
Honorary Member of the French College of Vascular Pathology
UIP Committee of Honor

Frédéric Vin, Neuilly-sur-Seine, France
American Hospital of Paris
Professor, University del Salvador, Buenos Aires
Honorary Member of the Canadian Society of Phlebology.
Honorary Member of the American College of Phlebology
Past President and Honorary President of the French Society of Phlebology

| Albert-Claude Benhamou             | Paris, France       | Vascular surgeon, Université Pierre et Marie Curie, Paris  
Director, Diploma of the Université de Phlébologie de l'université Pierre et Marie Curie  
Director, Université Numérique et Francophone des Sciences de la Santé et du Sport  
Project leader, Cabinet du Secrétaire d'Etat chargé de l'Enseignement supérieur et de la Recherche |
| Jean-Patrick Benigni                | Saint-Mandé, France | Member of the French Society of Phlebology  
Member of the board of the International Club of Compression  
Honorary Member of the Canadian Society of Phlebology  
Teaching Director of Medical compression diploma                                                  |
| Philippe Charbit                    | Paris, France       | Graduated Medical Laser, University Paris V  
Graduated Morphologic and Anti-Aging, University Paris VII  
Graduated Angiology, University Paris V  
Graduated European School of Phlebology, Paris  
Graduated University of Medicine, Paris Necker-Enfants malades |
| Valerian Ciubotaru                  | Bucharest, Romania  | Vice President of the Romanian Society of Phlebology  
Graduated the “Carol Davila” University of Medicine and Pharmacy, Bucharest, Military Medicine  
Exclusive phlebological activity from September 1994: over 75000 phlebological consultations, over 13000 surgical ambulatory operations for varicose veins, sclerotherapy for telangiectasias and reticular veins, compression therapy  
Medical director of the FLEBESTET Medical Clinic – Bucharest (www.flebestet.ro) |
| Vincent Crebassa                    | Montpellier, France | Graduated Université de médecine, Montpellier  
Graduated Angiology, Marseille  
Graduated Lymphology, Montpellier  
Graduated Master of Phlebology, Paris VI  
Graduated Master of Compression, Paris VI |
Kathleen D. Gibson, Seattle, USA
Vascular surgeon
American Board of Surgery
American Board of Surgery, Vascular Surgery
Board Member of the American College of Phlebology
Member of the writer’s Committee for the American Board of Venous and Lymphatic Medicine
Member Committee of the American Venous Forum

Christian Lebard, Paris, France
Member of the French Society of Vascular Surgery
Member of the French Society of Phlebology
Member of the French Society of Angiology
Vice President of Gelev Group of Endovenous laser research
Member of the International Union of Phlebology
Member of the International Society of Endovascular interventional surgery

Olivier Pichot, Grenoble, France
Associate member of the Collège des Enseignants en Médecine Vasculaire
Board member of the French Vascular Medicine Society (in charge of the Ultrasound Department)
Board member of the French Society of Phlebology
Member of the American College of Phlebology

Jean-Marc Trauchessec, Paris, France
Dermatologist (1981)
Publication about the “Gévaudanais” technic: exosaphenectomy under local anesthesia of the great saphenous vein without incision to the leg (1986)
Founder President of the European Society of Phlebectomy (1987)
Publication about the aesthetic phlebectomy of the Face veins (1991)
Publication about the aesthetic phlebectomy of the Hand veins (1992)

Jean-François Uhl, Paris, France
Vascular surgeon
Special interest: Vein disease
Member of the French Academy of Surgery
Past Vice President of the French Society of Phlebology
URDIA Research unit – Anatomy, University Paris Descartes
Research director of the chair of Digital Anatomy (Unesco)
**CANADIAN FACULTY**

**Sammi Zerrouk, Metz, France**

Physician in Vascular department, Hospital of Saint Avold
Teacher at diploma of Phlebology and Medical compression, Paris VI Pitié Salpêtrière
Doctorate degree of medicine
Graduate of Angiology
Graduate of Phlebology

**Janna Bentley, Kelowna, Canada**

Registered Vascular Technologist
Diplomate of the American Board of Venous and Lymphatic Medicine
Fellow Member of the Canadian Society of Phlebology

**Jean Gilbert, Montréal, Canada**

Secretary General of the Canadian Society of Phlebology
Fellow Member of the Canadian Society of Phlebology
Diplomate of the American Board of Venous and Lymphatic Medicine

**Patrick Gilbert, Montréal, Canada**

Radiologist, CHUM Montreal
Executive Member of Léger & Associate Clinic
Member of the Canadian Interventional Radiology Association
Member of the Royal College of Canada

**Louis Grondin, Calgary, Canada**

Diplomate of the American Board of Venous and Lymphatic Medicine
Fellow of the American College of Phlebology
Fellow Emeritus of the Australasian Society of Phlebology
Holds the offices of President of the Canadian Society of Phlebology, and Vice President of the International Union of Phlebology
Serves currently as the Medical Director of the Santé Group in Calgary
Tutor to Masters candidate in Practical Dermatology at the University of Cardiff in Whales

PRE-CONGRESS WORKSHOP

FRIDAY, OCTOBER 2nd, 2015

8:00 Registration

Opus Room

8:15 Welcome

Pauline Raymond-Martimbeau

Learning objectives:

- Understand the importance of a precise diagnosis and develop a targeted approach to treating venous incompetence.
- Understand technical assessment, its indications and benefits, and gain an approach to differentiating typical and unusual presentations of venous incompetence.
- Understand the various treatment modalities for early and advanced venous disorders therapies.

A series of workshops and presentations will be set up for trainees to experience instruction from key leaders in different aspects of venous disease. Participants will be divided in three groups and will rotate through different workshops.

8:30 - 9:30 Animated lecture in venous anatomy

Jean-François Uhl

Objectives: To review lower extremity venous anatomy and recognize its variations and intricacies.

9:30 - 10:15 Alternative treatments for saphenous incompetence

Moderator: Mandy Wong

Albert-Claude Benhamou, Valerian Ciubotaru, Jean-Luc Dupuis

Olivier Pichot, Jean-François Uhl

Objectives: To highlight advances in alternative treatments. Participants will be able to understand the rationale (benefits/risks) for the use of conservative treatment, non-thermal and thermal ablations, surgery, and appreciate the potential impact of these therapies for various venous disorders.

10:30 - 12:00 Clinical examination and duplex assessment

Jean-Patrick Benigni, Frédéric Vin, Mandy Wong, Michel Zummo

Objectives: To recognize the importance of a precise diagnosis. Identify different non-invasive ultrasound assessment, its indications and benefits, and gain an approach to differentiating typical and unusual presentations of venous incompetence.

10:30 - 12:00 Visual sclerotherapy: Indications, technique, post-care

Moderator: Pauline Raymond-Martimbeau

Philippe Charbit, Sammi Zerrouk

Objectives: To discuss the use of sclerosant for small and medium size veins. The participant will learn techniques for injecting veins of non-saphenous incompetence.

10:15 Refreshment break

Moderator: Pauline Raymond-Martimbeau

1:30 Polidocanol injectable foam 1% (Varithena ®)

Kathleen D. Gibson

Objectives: To be informed of a new approved medication for treatment of varicose veins and its application demonstration.

- Introduction
- Regulatory position on of polidocanol injectable foam 1% (Varithena ®) in Canada
- Outcome of Health Canada review process and date of availability
- Practical demonstration of generation of polidocanol injectable foam 1% (Varithena ®)
- Demonstration of polidocanol injectable foam 1% (Varithena ®) cans to be used as simulation
- Questions and answers

2:30 Electrostimulation device (Veinoplus ®)

Jean-François Uhl

Objectives: To demonstrate the useful use of an electrostimulation device to improve venous problems.

3:00 Refreshment break

Moderator: Mandy Wong

3:15 Compression workshop

Jean-Patrick Benigni, Jean-François Uhl

Objectives: To understand the importance of compression and its proper application.

4:15 Adjourn
PARTNERING FOR VEIN CARE PROGRESS

JOINT MEETING OF THE CANADIAN SOCIETY OF PHLEBOLOGY AND THE EUROPEAN SOCIETY OF PHLEBECTOMY

7:45 Registration

8:00 Welcome

Pauline Raymond-Martimbeau, Frédéric Vin

Overall learning objectives:
Upon completion of this meeting, participants will be able to review and interpret basic knowledge and skills in phlebology.
Update and improve their knowledge about recent advances in the diagnosis, management and treatment of venous disorders and, integrate new principles to improve their everyday practice of phlebology.

Perforating vein symposium: from diagnosis to treatment

Moderator: Pauline Raymond-Martimbeau

8:10 Introduction of the European Society of Phlebectomy

Frédéric Vin

8:15 The origin of venous disorders

Louis Grondin

Objectives: To be informed about the history and evolution of venous disorders.

8:30 Anatomy of perforating veins

Jean-François Uhl

Objectives: To recognize the intricacies of perforators.

9:00 Duplex scan aspect of incompetent perforating veins

Olivier Pichot

Objectives: To perfect your knowledge in the ultrasonic assessment of perforators.

9:20 Endoscopic aspect of the perforating vein

Frédéric Vin

Objectives: To understand the risks and benefits of endoscopic assessment of perforators.

9:40 History of plebectomy of perforators and its place amongst a whole new range of technologies

Philippe Charbit

Objectives: To learn the different steps in the evolution of management of perforators.

10:00 Refreshment break and exhibit

Moderator: Frédéric Vin

10:30 The bone perforator

Vincent Crebassa

Objectives: To recognize perforators that were unknown until recently.

10:50 Sclerotherapy of incompetent perforating veins

Sammi Zerrouk

Objectives: To understand complete sclerotherapeutic management of perforators.

11:10 Do we need to treat leg perforators?

Jean-Patrick Benigni

Objectives: To distinguish between different perforating veins and decide if they all need to be treated.

11:30 Treatment of perforators with vibration 432 Hertz

Jean-Marc Trauchessec

Objectives: To learn about a new procedure for perforator treatment.

11:45 Surgical procedure of incompetent perforators using VANST technique

Valerian Ciubotaru

Objectives: To learn about a new way to approach vein stripping.

12:00 Lunch
PARTNERING FOR VEIN CARE PROGRESS

JOINT MEETING OF THE CANADIAN SOCIETY OF PHLEBOLOGY
AND THE EUROPEAN SOCIETY OF PHLEBECTOMY

Moderator: Jean Gilbert

1:30 Treatment of thigh incompetent perforators with radiofrequency
   Christian Lebard
   Objectives: To be able to manage incompetent perforators by radiofrequency.

1:50 Treatment of incompetent perforators by endolaser
   Frédéric Vin
   Objectives: To be able to manage incompetent perforators by endolaser.

Co-Moderators: Louis Grondin, Mandy Wong

2:10 The phlebology in a digital era
   Albert-Claude Benhamou

2:30 Phlebectomy video clips
   Jean-Marc Trauchessec

2:45 Panel discussion: Case presentations
   Jean-Patrick Benigni, Philippe Charbit, Valerian Ciubotaru, Vincent Crebassa
   Christian Lebard, Olivier Pichot, Jean-Marc Trauchessec
   Jean-François Uhl, Sammi Zerrouk

3:15 Refreshment break and exhibit
   Co-Moderators: Jean-Luc Dupuis, Louis Grondin

3:45 Debate Pros and Cons
   - Treatment alternatives and combination
   - Phlebectomy
   - Saphenous stumps
   Albert-Claude Benhamou, Jean-Patrick Benigni, Janna Bentley, Philippe Charbit
   Valerian Ciubotaru, Vincent Crebassa, Jean Gilbert, Patrick Gilbert, Louis Grondin
   Douglas Hill, Kathleen D. Gibson, Christian Lebard, Olivier Pichot
   Pauline Raymond-Martimbeau, Jean-Marc Trauchessec, Jean-François Uhl
   Frédéric Vin, Mandy Wong, Sammi Zerrouk, Michel Zummo

4:30 Conclusion
   Frédéric Vin

4:40 Adjourn
SUNDAY, OCTOBER 4th, 2015

PARTNERING FOR VEIN CARE PROGRESS

JOINT MEETING OF THE CANADIAN SOCIETY OF PHLEBOLOGY
AND THE EUROPEAN SOCIETY OF PHLEBECTOMY

8:10 Welcome
Pauline Raymond-Martimbeau

Moderator: Pauline Raymond-Martimbeau

8:15 Focus on the embryogenesis of the veins of the lower limbs
Jean-François Uhl
Objectives: To learn how veins of the lower extremities develop.

8:45 The origin of vascular malformations
Louis Grondin
Objectives: To be informed about the history of vascular malformations.

9:00 Management of high and low flow vascular malformations
Patrick Gilbert
Objectives: To understand the diagnosis, work-up and treatment of high and low flow vascular malformations.

9:30 Questions and answers

9:45 Refreshment break
Moderator: Mandy Wong

10:00 Endothelin so far... a review of its possible role in migraine with aura associated with sclerotherapy
Janna Bentley
Objectives: To study and review endothelin as a molecule and its postulated role that it may have in triggering a migraine with aura post-sclerotherapy.

10:15 Quantic treatment of venous insufficiency by scio and introspect association
Jean-Marc Trauchessec
Objectives: To learn about frequency healing technology and introspect for treatment of venous disorders.

10:30 Lower limb venous disease in children
Janna Bentley
Objectives: To study the prevalence of venous disease in children, including superficial and deep venous disease.

Cosmetic symposium

10:45 How to integrate cosmetic treatments into a phlebology practice
Mandy Wong
Objectives: To justify integrating cosmetic treatments into a phlebology practice.

11:00 Expert cannula techniques in skin rejuvenation
Renier van Aardt
Objectives: To learn about micro-cannula injection technique.

11:30 Whole face rejuvenation consultations
Renier van Aardt
Objectives: To understand the different approaches and procedures in face rejuvenation.

12:00 Fellowship Ceremony

12:15 Lunch
1:30 Polidocanol injectable foam 1% (Varithena ®)  
Kathleen D. Gibson

Objectives: To be informed of a new approved medication for treatment of varicose veins.
- Polidocanol data in varicose veins
- VANISH studies (VV015 and VV016)
- Main features of risk management plan
- Importance of clinician education

2:00 Cerebral air embolism  
Douglas Hill

Objectives: To understand how to avoid neurological adverse events.

2:15 The vein-risks: criteria of venous disease evolutivity  
Vincent Crebassa

About 124,000 patients in 24 countries

Objectives: To evaluate the risks of the evolutivity of venous disease.

2:30 Overcoming resistance in the treatment of perforators and saphenous veins  
Michel Zummo

Objectives: To understand the resistance and its implication in the treatment of perforators and saphenous veins.

2:45 Update on contraindications to sclerotherapy  
Mandy Wong

Objectives: To bring up to date as by adding or precising contraindications of sclerotherapy.

3:00 The 1,470 radial tip laser fibre – initial experience  
Douglas Hill

Objectives: To be informed of a new radial laser fiber and its benefits.

3:15 The interest of eccentric compression after chemical or thermal endovenous treatment of saphenous veins of voluminous tributaries  
Vincent Crebassa

Objectives: To study the interest of eccentric compression for non-thermal and thermal ablations.

3:30 General Assembly
Board of Directors’ Election
All participants are invited
Only Members may vote

4:00 Adjourn
40TH BIENNIAL CONGRESS
PARTNERING FOR VEIN CARE PROGRESS
JOINT MEETING OF THE CANADIAN SOCIETY OF PHLEBOLOGY
AND THE EUROPEAN SOCIETY OF PHLEBECTOMY

INFORMATION

CME CREDIT

The Quebec Federation of General Practitioners, a fully certified organisation in continuing professional development by the Collège des médecins du Québec, recognizes 17.5 hours of class 1 credits to the participants in this activity, provided the Code of ethics of the Conseil québécois de développement professionnel continu des médecins (CQDPCM) is adhered to.

www.cemcq.qc.ca

FELLOWSHIP PROGRAM

The 3-day meeting attendance is mandatory toward credits for fellowship program and maintenance

ORGANISATION

CANADIAN SOCIETY OF PHLEBOLOGY
Claudette Raymond, Executive Director
207-250 Ch. de la Pointe-Sud, Verdun QC, Canada H3E 0A8
