RE: Product Discontinuation

Saliject

(Sodium Salicylate for Injection 5.7g/10mL)
5 x 10mL vials

Dear Customer,

Omega Laboratories Limited regretfully announces that Saliject will no longer be commercialized beyond the remaining available inventory, effective immediately.

The product will no longer be commercialized due to issues related to the active pharmaceutical ingredient (API) for which supply from a manufacturer in-line with current regulatory requirements cannot be secured.

The product will remain available until current inventory is depleted and/or product expires. The current inventory expires September 30, 2018. Below, please find product details.

Omega Product Code	Product Description	DIN	Lot Number	Expiry Date
L0010040	Saliject® (Sodium Salicylate for Injection) 5 x 10mL	00623571	5J095	September 30, 2018

We wish to apologize for any inconvenience this product discontinuation might cause you and your patients and sincerely thank you in advance for your understanding and cooperation.

Should you require further information, please do not hesitate to contact our Customer Service at PO@omegalabs.ca or 1-800-363-0584 option 3.
