44th BIANNUAL CONGRESS

APRIL 27-28, 2019 — Metropolitan Hotel, Vancouver, BC, Canada

PROGRAM CO-CHAIRMEN

Janna Bentley, Kelowna, BC, Canada

President of the Canadian Society of Phlebology
Registered Vascular Technologist
Diplomate of the American Board of Venous and Lymphatic Medicine
Fellow Member of the Canadian Society of Phlebology

Pauline Raymond-Martimbeau, Dallas, TX, USA

Vice President of the Canadian Society of Phlebology
Past President of the Canadian Society of Phlebology
Diplomate of the American Board of Venous and Lymphatic Medicine
Fellow of the American College of Phlebology
Fellow Emeritus of the Australasian College of Phlebology
Honorary member of the French Society of Phlebology
Honorary member of the French College of Vascular Pathology
UIP Committee of Honor

KEYNOTE FACULTY

Byung-Boong Lee, Reston, VA, USA

Professor of Surgery at Georgetown University
Director of the Center for Vein Lymphatic and Vascular Malformations
Founder and Emeritus Chairman and Professor of Surgery of SamSung Medical Center and SungKyunKwan University
Adjunct Professor of Surgery, Uniformed Services University of the Health Sciences, Bethesda
Visiting Professor of Surgery, Johns Hopkins University School of Medicine
INTERNATIONAL FACULTY

**Paolo Casoni, Parma, Italy**

Past professor of Surgery – University of Parma  
Director of Phlebolymphologic Center – Hospital Piccole Figlie – Parma – Italy  
Director of Ippocrate Vein Clinic – Parma – Italy  
Director de el Departamento de Flebologia – Clinica Ceram - Marbella - Spain  
Diplomate in Vascular Surgery, General Surgery and Oncology – University of Parma  
Vice President – AFI – Associazione Flebologica Italiana  
Member of the American Vein and Lymphatic Society (formerly ACP)

**Edoardo Cervi, Parma, Italy**

Professor, University Brescia, Italy  
Vascular and Endovascular Surgery  
University Researcher

**Vincent Crebassa, Montpellier, France**

Graduated Université de médecine, Montpellier  
Graduated Angiology, Marseille  
Graduated Lymphology, Montpellier  
Graduated Master of Phlebology, Paris VI  
Graduated Master of Compression, Paris VI

**Mark Forrestal, Arlington Heights, IL, USA**

Board certified internist, Private practice at Northwest Vein Care  
Past President, American Vein and Lymphatic Society (formerly ACP)  
Fellow of the American College of Phlebology  
Immediate past Chairman Foundation for Venous and Lymphatic Disease (formerly ACPF)  
Diplomate of the American Board of Venous and Lymphatic Medicine
Terri Morrison, Scottsdale, AZ, USA

Hospital Nurse, 20 years, Burn Unit, ICU, ER, Education
Co-founder, Manager, Marketing Director, Morrison Vein Institute
Sclerotherapy Nurse Injector
National Compression Fitters classes Teacher
National and International Lecturer on sclerotherapy and compression
Past President nursing section of ACP, Program Chair, nursing section

Sammi Zerrouk, Metz, France

Vascular physician, St Avold, France
Faculty advisor, University Degree of Phlebology, Sorbonne Universities, Paris
Head of Training, University Degree of Endovenous Treatments, Sorbonne Universities, Paris

| **Douglas Hill, Calgary, AB, Canada** |
| Vice President Education of the Canadian Society of Phlebology |
| Past President of the Canadian Society of Phlebology |
| Fellow Member of the Canadian Society of Phlebology |
| Diplomate of the American Board of Venous and Lymphatic Medicine |
| Fellow of the American College of Phlebology |
| Member of the American Venous Forum |

| **Shirley Lee, Ottawa, ON, Canada** |
| Physician Advisor, Safe Medical Care Division, Canadian Medical Protective Association |
| Emergency physician, The Ottawa Hospital |
| Associate Professor, Faculty of Medicine, University of Toronto |
| MHSc(Ed), Masters of Health Science (Education), University of Toronto |
| Fellow (FCFP), College of Family Physicians, Canada |

| **Marie-Eve Nadeau, Ste-Anne-des-Monts, QC, Canada** |
| Board Member of the Canadian Society of Phlebology |
| Fellow of the Royal College of Surgeons of Canada |
| General Surgeon |
| Member of the Canadian Society of Phlebology |

| **Mandy Wong, Kelowna, British Columbia, Canada** |
| Secretary, Western Region of the Canadian Society of Phlebology |
| Diplomate of the American Board of Venous & Lymphatic Medicine |
| Fellow Member of the Canadian Society of Phlebology |
| Diplomate of the American Board of Laser Surgery |
### Overall learning objectives:
Upon completion of this 2-day meeting, participants will be able to:
- Demonstrate new knowledge and skills in phlebology
- Integrate clinical findings to diagnose and manage venous disorders
- Develop new principles to improve their everyday practice of phlebology

### CSP Presidential Welcome
8:00
**Moderator:** Pauline Raymond-Martimbeau

### A review of the CHEST guidelines in the context of vein treatment
8:05
**Janna Bentley**

**Objectives:** To discuss the current CHEST recommendations for specific vein management

### Varicose veins of the ischial and sural nerves: description and treatment
8:25
**Vincent Crebassa**

**Objectives:** To identify unusual varicose veins and understand their management

### Keynote Address: Curriculum presentation
8:40
**BB Lee**

**Objectives:** To learn new approaches to the treatment of venous malformations

### Varicose veins and thyroid pathology: Often present, never seen
9:10
**Paolo Casoni**

**Objectives:** To understand the correlation between varicose veins and thyroid disease

### TBA
9:25
**TBA**

**Objectives:**

### Round table
9:40
**Pauline Raymond-Martimbeau**

**Objectives:** To learn about the existence of complications and know how to avoid and treat them

### Refreshment break and exhibit
10:00
**Moderator:** Janna Bentley

### Adverse event disclosure: Practical tips and pearls
10:30
**Shirley Lee**

**Objectives:** To understand how to disclose, apologize and report errors and adverse events

### Social media 101: Medical-legal issues for physicians
11:30
**Shirley Lee**

**Objectives:** To identify the dangers and opportunities for social media in medicine

### Questions and answers
12:00

### Lunch
12:10
Moderator: Douglas Hill

1:30 Comparative prospective study in treatment of GSV after EVLA vs RFA:
The application of controlled ultrasound-guided targeted tumescent anesthesia
CUGTA in the case of venous aneurysms  Sammi Zerrouk
Objectives: To integrate new principles for improving the practice in thermal ablation

1:45 Current issues in VM management Curriculum presentation BB Lee
Objectives: To understand the difficult diagnostic and therapeutic challenge of VM

2:05 Controversies in phlebology - Part 1  Mandy Wong
Objectives: To discuss several topics of controversy in the treatment of venous
Disease - an evidence-based challenge of traditional dogma in vein treatment

2:25 Round table Pauline Raymond-Martimbeau
Complications and their management - Part II Curriculum presentation
J. Bentley, P. Casoni, E. Cervi, V. Crebassa, M. Forrestal, L. Grondin
Objectives: To learn about the existence of complications and know how to avoid and treat them

2:45Refreshment break and exhibit

Moderator: Mandy Wong

3:15 Treatment of the varicose reservoir or of the source of the reflux Vincent Crebassa
Objectives: To elucidate the debate between treating the reservoir or the origin of the reflux

3:30 Hand veins functional sclerotherapy: A new method for hand rejuvenation Paolo Casoni
Objectives: To learn a new approach for hand vein management

3:45 Venous leg ulcers: Etiology and treatment Mark Forrestal
Objectives: To review etiology and differential diagnosis of leg ulcers documented on the
lower extremities; to review standard treatments and new treatment

4:05 The venous system and malignancies Louis Grondin
Objectives: To demonstrate the role of venous system and malignancies

4:20 Prevention of complications related to cyanoacrylate glue Douglas Hill
Objectives: To review the potential complications of cyanoacrylate adhesive

4:30 Conservative hemodynamic cure for a tight perforating vein after thermal ablation:
A prospective series case study  Sammi Zerrouk
Objectives: To gain knowledge from alternative experiences in management and
treatment of venous disorders

4:40 Questions and answers

4:50 Adjourn
44th BI ANNUAL CONGRESS
SUNDAY, APRIL 28, 2019

8:30 CSP Presidential Welcome

Moderator: Janna Bentley

8:35 Prospective study on plantar veins: US evaluation and correlation with deep venous system of lower limbs
Objectives: To become familiar with the ultrasound anatomy of the venous foot pump
Sammi Zerrouk

8:50 Reflux misleading and consequences
Objectives: To recognize the importance of properly locating refluxes
Vincent Crebassa

9:10 Great saphenous sparing surgery: Reasons for a choice
Objectives: To evaluate the advantages of preserving the great saphenous vein
Paolo Casoni

9:25 Phlebolymphedema: Hallmark of combined insufficiency of venous-lymphatic system
Curriculum presentation
Objectives: To learn the consequences when the venous and lymphatic systems are both insufficient
BB Lee

9:45 Round table
Pauline Raymond-Martimbeau

Complications and their management - Part III Curriculum presentation
J. Bentley, P. Casoni, E. Cervi, V. Crebassa, M. Forrestal, L. Grondin
Objectives: To learn about the existence of complications and know how to avoid and treat them

10:05 Refreshment break
Moderator: Douglas Hill

10:35 Is C0s really a disease?
Objectives: To discuss the definition, prevalence, management, and evidence of venous disease in patients of CEAP class C0s
Mandy Wong

10:55 Chronic venous disease: A systematic comparative treatment effectiveness and guidelines
Objectives: To compare different trials for treatment strategies and outcomes
Pauline Raymond-Martimbeau

11:15 Evaluation and DUS assisted sclerotherapy of tributary venous insufficiency of the lower extremities
Objectives: To present a treatment option for abnormal tributary veins without truncal vein reflux
Mark Forrestal

11:35 Patient compliance with compression: Winning the battle
Objectives: To learn how to make the patients to be compliant with compression
Terri Morrison

11:50 Questions and answers

12:00 Fellowship Ceremony

12:15 Lunch
1:30  Curriculum evaluation test and discussion of results
      D. Hill, BB Lee, P. Raymond-Martimbeau

Moderator: Mandy Wong

2:00  Sclerosing foam and honey wound dressing in the treatment of venous leg ulcers:
      Our experience
      Edoardo Cervi
      Objectives: To explore an Italian experience with using honey wound dressing and foam sclerotherapy for venous ulcers

2:15  Prospective study on an original incidence "Small axis in the plane at 3/4" to overcome difficulties in endovenous treatment
      Sammi Zerrouk
      Objectives: To become acquainted with new introduction-catheterization modalities

2:30  Rules of treatment
      Marie-Eve Nadeau
      Objectives: To apply strategies towards management of varicose veins

2:50  Rinsing flow and its consequences
      Vincent Crebassa
      Objectives: To learn how to reduce the flow and interpret its effects

3:20  Compression wraps, stockings, bandages: How do we decide?
      Terri Morrison
      Objectives: To recognize the benefits of a good compression

3:40  Questions and answers

3:50  Certificate of knowledge delivery and adjourn
