This activity is an approved collective learning activity (section 1) in the sense that it provides the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada (RCPSC). You can declare a maximum of **7 hours 25 minutes** for section 1.

### Learning objectives

After completion of the 1<sup>st</sup> MasterClass in Phlebology the participants will:

- Critically analyze venous disease cases, their management and treatment outcomes.
- Identify signs and symptoms of unusual cases.
- Explore innovative concepts, learn new techniques and protocols.
- Review complications and understand how to avoid them.

9:30 Welcome Remarks from the President

*Mandy Wong*

9:35 Introduction from the Chairman

*Pauline Raymond-Martimbeau*

**Moderator: Pauline Raymond-Martimbeau**

9:40 **SESSION 1 – Greater Saphenous Vein and Tributaries – Cases and Debates**

Objectives: *To define a management plan for treatment of great saphenous vein*

Case Presenters: Richard Danylewick, Douglas Hill, Jean-François Uhl, Mandy Wong

10:00 Panel Discussion: Philip Coleridge Smith, Alessandro Frullini, Lowell Kabnick, Michel Schadeck  
Javier Serralde Gallegos, Michel Zummo

11:00 **Questions & Answers**

11:10 **Break**

**SUNDAY APRIL 11<sup>th</sup>, 2021**

11:25 **Ten Clinical Pearls: Sclerotherapy of Hand Veins** *Philip Coleridge Smith*

*Objectives: To explore sclerotherapy technique and protocol options for hand veins and analyse outcomes*

11:35 **Questions & Answers**

**Moderator: Mandy Wong**

11:45 **SESSION 2 – Small Saphenous Vein and Tributaries and Intricacies**

*Objectives: To recognize the particular complexity of small saphenous vein and discuss the best approach*

Case Presenters: Janna Bentley, Richard Danylewick, Jean-François Uhl

12:05 Panel Discussion: Douglas Hill, Nick Morrison, Michel Schadeck, Frédéric Vin, Mandy Wong

1:05 **Questions & Answers**

1:15 **Lunch**

2:00 **Ten Clinical Pearls: Sural Nerve Anatomy and Imaging Dilemmas** *Jean-François Uhl*

*Objectives: To plan the effective use of decision support in the treatment of small saphenous vein*

2:10 **Questions & Answers**

**Moderator: Douglas Hill**

2:15 **SESSION 3 – Pelvic Veins – Cases and Approaches**

*Objectives: To recognize and differentiate the veins of pelvic origin and treat wisely*

Case Presenters: Madeleine Duclos, Mark Meissner, Jean-François Uhl, Jason Wong

2:35 Panel Discussion: Sergio Giancesini, Lowell Kabnick, Marie-Claude L'Espérance, Mark Meissner  
Christopher Pittman, Jason Wong

3:35 **Questions & Answers**

3:45 **Break**

4:00 **Ten Clinical Pearls: Practice Makes Perfect: Compression and Veinotonics**

*Sergio Giancesini*

*Objectives: To define the importance of the use of compression and veino-active drugs*

4:10 **Questions & Answers**

**SUNDAY APRIL 11<sup>th</sup>, 2021**

**Moderator: Janna Bentley**

**4:15 SESSION 4 – Complications/Prevention – Cases and Prediction of Outcomes**

Objectives: *To explain the distinguishing characteristics of an unexpected reaction and evaluate how to make it perfect*

Case Presenters: Janna Bentley, Douglas Hill, Marie-Ève Nadeau  
Pauline Raymond-Martimbeau, Terry Trusdale

4:35 Panel Discussion: Janna Bentley, Sergio Giancesini, Jean Gilbert, Gilles Pinette  
Javier Serralde Gallegos, Frederic Vin

**5:35 Questions & Answers**

**5:45 Ten Clinical Pearls: Successful Endovenous Thermal Ablation** *Richard Danylewick*

Objectives: *To discover the practical aspects for a successful endovenous thermal ablation*

**5:55 Questions & Answers**

6:10 Final Remarks from the President-elect *Janna Bentley*

**6:15 Adjourn**
